

Principal Report - March 13th, 2023

- **Powerschool**

- As we approach the end of Term 2, we encourage families to check PowerSchool regularly for up to date information on student progress. PowerSchool is a secure web-based student management system designed to strengthen communication between the school and home. It provides parents and legal guardians online access to their children's progress in school. PowerSchool is accessible for students Grades 1-9 and teachers regularly post evidence of learning to keep families informed. For more information, please visit the [PSD website](#), watch this [video](#), or contact the school office. Did you know you can sign up for alerts from PowerSchool? Similar to other Apps, you can enable alerts from PowerSchool to stay up to date when new student evidence is posted. Please check out this [video](#) to learn how to use the Powerschool App including information on assignments, attendance and more! Parkland School Division's District Code is NKNC which is required to download the Powerschool App for the first time.
